Rules

The international volleyball rules will apply. This includes greeting each other before the start of the game.

Teams will accept the decisions made by the referee. Fair-play rules do apply.

Technical time-outs are not applied.

At least 3 women have to be present on the playground. 3 male players in a row are not allowed. W-W-W-M-M-M is excluded, all other rotations are allowed.

At day 1 (Thursday 22/06), teams are divided in 4 poles (A,B,C,D) of each 5 or 6 teams, where every team in the pole plays against another team in the same pole (play-offs system). Games will be played to 2 sets up to 25 points (no difference of 2 points required, 25-24 can be a final score).

Teams will acquire 1 gamepoint per set won.

The team who wins the match (most points over the 2 sets) acquires an additional point.

In case of equal score, each team will receive 1,5 gamepoints.

At the end of day 1 a ranking/pole will be made based on the following:

- 1) Number of obtained game points
- 2) If equality, set average (number of won sets divided by number of lost sets)
- 3) If still equality, point average (number of won points divided by number of lost points)
- 4) If still equality, the organization will make a decision on the spot

Based on the results of day 1, 5 new poles of 4 or 5 teams will be defined for the games on day 2 (Friday 23/06).

- Pole A : A1 + B1 + C2 + D2 (places 1 to 8)
- Pole B : A2 + B2 + C1 + D1 (places 1 to 8)
- Pole C : A3 + B3 + C3 + D3 (places 9 to 12)
- Pole D : A4 + B4 + C4 + D4 (places 13 to 16)
- Pole E : A5 + B5 + C5 + D5 + D6 (places 17 to 21)

At day 2, all games will be played to 2 winning sets up to 25 points (no difference of 2 points required, 25-24 can be a final score). The eventual 3th set will be played to 15 points (no difference of 2 points required, 15-14 can be a final score). In the case of a 3th set, teams will change playground when one team reaches the score of 8.

1 game point is given for each set won.

In each of those pools, a final ranking will again be made based on

- 1) Number of obtained game points
- 2) If equality, set average (number of won sets divided by number of lost sets)
- 3) If still equality, point average (number of won points divided by number of lost points)
- 4) If still equality, the organization will make a decision on the spot

Places 9-12,13-16,17-21 : ranking in the pool

Places 7-8 : A4-B4

Places 5-6 : A3-B3

Places 3-4 : A2-B2

Places 1-2 : A1-B1
